

Virginia Tech Visitor Parking Information

Welcome to Virginia Tech! We want your visit to be as pleasant as possible. Below are some guidelines for parking on campus to help make that happen.

Visitors may park in any faculty/staff, student or visitor's parking spaces with a valid visitor's permit. The following are examples of signs indicating valid visitor parking.

If the sign has an additional designation, visitors may not park in that spot. Examples include: T/A, carpool, vanpool, handicap, loading zones, service vehicles and meter spaces. The following are examples of how the designation appears.

In addition, the visitor's pass is not valid for the Basketball Practice Facility, Basketball Practice Extension, Owens and Dietrick Dining Hall lots.

If you have more questions regarding parking at Virginia Tech, please contact Parking Services at 231-3200 or parking@vt.edu or you can visit our website at www.parking.vt.edu.

Parking Services is a department within Transportation and Campus Services which reports to Business Services.
